

Options for the Future - Consultation Response Form 1

1 Options for the Future - Consultation Response Form

Please use this form to tell us what you think of our options document. Before commenting it is important that you take the opportunity to read "Options for the Future," which is available online at www.westberks.gov.uk/ldfconsultation and in printed form at the Council Offices and in libraries throughout the district.

We welcome your representations. We are particularly seeking your views on the location of sites for major housing development and related infrastructure. This form therefore includes questions on the location of major sites in the Newbury and Thatcham area and in the east of the district.

Please feel free, however, to comment on any other areas of the document, as well as the Sustainability Appraisal and supporting documents. If you wish to submit additional comments to this form please state the following for each separate comment:

- The number of the policy option or paragraph number you are commenting on
- Whether you support or object to the preferred approach
- Your reasons for support or objection
- What change you are seeking which could resolve any objection

Please be aware that your comments will be available for people to read and we will be putting a summary of the responses on our website.

If you are able to make your representations electronically, this is the quickest and easiest way of responding and enables us to analyse the responses more efficiently. Comments can be added directly into the electronic version of the document which can be reached at www.westberks.gov.uk/ldfconsultation. You will first need to register on the consultation system.
